

# ITPC Company and Services Overview

ITPC was founded in 2006 and has a fully owned subsidiary in India since 2010, a branch in United Kingdom since 2015 and a branch in Japan since 2016. Today, the group employs over 50 staff and is working together with trusted partners selectively on a project-by-project basis.

The strengths of ITPC reside in SAP technology consulting, SAP on Cloud, operation and hosting of SAP system landscapes. Our project management team coordinates projects and tasks.

## S/4HANA Transformation

A central point of contact for companies looking for a service provider to plan, implement and operate SAP S/4HANA

## SAP on Cloud

Migration of SAP workloads to the Cloud to achieve cost savings and increase flexibility

## Infrastructure as a Service

Choose among the best hyperscale public cloud providers and obtain a flexible infrastructure to host your business-critical applications

## Managed Services

24 x 7 x 365 managed services to maintain full support and high availability of your SAP infrastructure

## SAP Consulting

Experienced and certified consultants for SAP installations, upgrades, migrations and project management

### Partners:

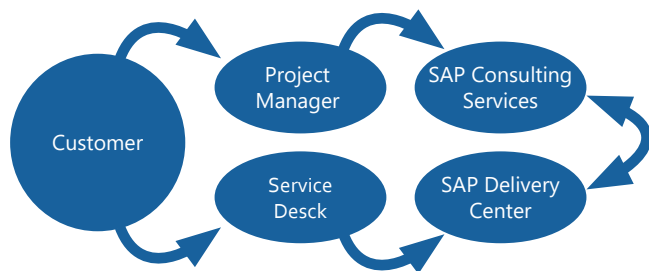

## Swiss Made IT Offshoring

As a Swiss consulting company, we offer our customers SAP technology related services (projects, support and operation) at very fair and very attractive conditions. We can achieve substantial cost savings and increase in efficiency through an intelligent combination with local and offshore resources for the project team setup.

We encourage our customers to work on the projects with a mix of local and offshore resources. It can thus be achieved in most projects a cost savings of 35 to 65%, and this guaranteed to Swiss quality.

Together with our customers, we put the setup of the project team together individually.

## SAP Delivery Center

Our global SAP Delivery Centre in Pune (India) is an ideal complement to our consulting teams in Switzerland and United Kingdom. Our customers benefit from greater expertise and a much lower price for SAP Consulting Services and Support at the same quality! As a Swiss company, we guarantee our customers that the Swiss and European quality requirements are met by our SAP Delivery Center. Project work and support will be planned, monitored and controlled by ITPC AG in Switzerland, resp. ITPC Consultancy Services Ltd. in United Kingdom.

We offer our customers great flexibility in the choice of resources for project work. All projects can be performed with either local or onshore resources, combination of onshore-offshore or as pure offshore projects at very attractive prices – guaranteed to Swiss quality!

You choose your project setup – local resources, both local and offshore resources, or project with pure offshore resources. Contact us for a comparison and ask for an offer. We can advise you on the proper setup for your project and calculate for you the cost savings compared to conventional projects.
