

Partnering with ITPC

Partner with ITPC to provide your customers with fully managed cloud-based solutions for SAP or SAP HANA powered by Azure.

SAP on Cloud Migrate your existing on-premise SAP landscapes to Azure and operate them on the Cloud to be ready for the upcoming S/4HANA transformation.

SAP HANA on Cloud Migrate and operate your on-premise HANA landscapes to Azure or move your SAP systems to the Cloud as part of the transformation to S/4HANA.

As an ITPC partner, you can benefit in many ways:

- Increase the profitability of your business with ITPC's generous margins
- Address the market's increasing demand for cloud-delivered SAP solutions
- Establish new sources for monthly recurring revenue
- Expand your SAP practice while adding to your managed services portfolio

From planning, to migration, to ongoing support, as an ITPC Partner, you can also white-label our full suite of combined managed service offerings, including:

- Cloud readiness assessments
- Planning and execution for proof of concept environments
- Migrations to Azure
- Support Models with 5 × 24h or 7 × 24h plans
- Incident and change management
- SAP Basis Operations
- SLA-based management and performance measurement
- Standardized support process based on ITIL best practices

By partnering with ITPC, you can provide your customers with comprehensive SAP solutions on Azure, with management from end to end.
